

OFFICIAL PROGRAM

**50th ANNUAL
SANTA CLARA VALLEY MODEL T
FORD CLUB
ENDURANCE RUN
& LOWLAND TOUR**

JUNE 8-9, 2019

Welcome

June 8-9, 2019

I would like to give an enthusiastic and warm welcome to all Endurance Run and Lowland Tour participants at the "50th anniversary" of this event. It's hard to imagine that 50 years ago a group of vintage racing enthusiasts decided to bring back the bygone days of early racing and Model T speedsters. Since that fateful day, this event grew into something much bigger than any of them would have ever imagined and has allowed many of us to experience this nostalgic run.

It is always great to see participants who return year after year for this occasion and travel from all over to get here, including those who come from out of state. Many of the participants have been coming to this run for decades. I want to thank them for their continued dedication and involvement in this event. As always, there are many volunteers who make this run happen and it would not be possible without their help. I would like to give a special thanks to Glenn Wildman for taking on the leadership role again this year.

Please enjoy the day's event and take in the beautiful countryside. As always, this is a timed event and not a race. There will be twists, turns, challenges and perhaps a few surprises thrown into the mix. We will renew old friendships and make new friends with people who enjoy the same interests in vintage cars and touring. We look forward to seeing everyone as they cheer the speedsters roaring across the finish line and watch the awards.

Dan Gulko, President

Santa Clara Valley Model T Ford Club
